

Tsunami Disaster Appeal

Payments accepted at PayPoint

Any of your customers who wish to make a donation to the Disasters Emergency Committee Tsunami Earthquake Appeal can do so at their local PayPoint.

To take a donation please scan the barcode below, take the customer's donation and give them their receipt.

- The receipt confirms that the money collected is going to the Tsunami Earthquake Disaster Appeal.
- Customers can donate any amount from £1 to £499. No commission is payable on the donations collected.

Please hand the customer one of the enclosed Gift Aid forms with their receipt and ask them to fill it in, attach it to their receipt and send it to the freepost address on the form. The Disasters Emergency Committee Tsunami Earthquake Appeal will then be able to claim back any tax they have to pay on these donations.

Participation for PayPoint retailers is voluntary but if you want to collect payments to help this charity, please display the enclosed poster straightaway and make sure customers know they can make donations in your store.

For more information about the Disasters Emergency Committee Tsunami Earthquake Appeal please visit their website at www.dec.org.uk.

Every penny of the money collected will be sent to the charity – there are no handling fees or charges associated with processing these donations.

Thank you for your support.
